EXECUTIVE SUMMARY

Background: Recent weather events such as severe flooding in Tamil Nadu have highlighted the extreme vulnerability of low-income households and their livelihood. The state's high risk for climate-related disasters makes the slums extremely vulnerable to intense rainfall and recurrent flooding given their encroachment on natural drains, which are prone to overflow during heavy rainfall. Tamil Nadu's population living in slums amounts to 5.8 million, representing 16.6 percent of the state's urban population. The state faces a housing shortage in urban areas of around 1.25 million units. Based on a recent demand survey, there are 1.39 million registered applications requesting affordable housing units in Tamil Nadu under Pradhan Mantri Awaas Yojana-Urban, of which about 625,368 have been approved. The Government of Tamil Nadu (GOTN) is committed to addressing the state's urban housing deficit, especially for the economically weaker section population. The Tamil Nadu's "Vision 2023" sets out the provision of housing with infrastructure for all urban slum families in Tamil Nadu and the creation of a slum free state by 2023.

Subproject description: There are 9 subproject areas proposed under IRSHUPSP by the Tamil Nadu Urban Habitat Development Board (TNUHDB), the implementing agency. The project aims to construct an estimated of 6000 multistorey housing units in 9 Districts of Tamil Nadu to accommodate the families proposed to be relocated from the 50 water bodies that have been identified by the District administration as encroachments in water bodies requiring to be relocated as these families are living in high-risk areas.

Impact and Outcome: The project is aligned with the following impact: permanent shelter with appropriate housing infrastructures and services provided for every affected household. The project will have the following outcome: access to inclusive, safe, and affordable housing infrastructure and services for vulnerable and disadvantaged communities in Tamil Nadu.

Resettlement Plan: Four resettlement plans have been prepared for Kalanivasal, Reddiarpatti, Vallam and Pallipalayam subproject areas. The Resettlement Plans were drafted with the data from the socioeconomic survey of the sending sites.

Legal Framework: The policy framework and entitlements for IRSHUPSP are based on a combination of The Tamil Nadu Protection of Tanks and Eviction of Encroachment Act 2007, and ADB's SPS. The project will extend compensation, assistance, and benefits to all families identified by TNUHDB in the settlements that are identified by the District administration as encroachments of water bodies and facing high risk of flooding. These will include all persons occupying land over which they neither have legal title, nor have claims recognized or recognizable under national law.

Entitlements, Assurances and Benefits: IRSHUPSP is likely to have six types of impacts that will require compensation and/or mitigation measures: (i) physical displacement / relocation; (ii) loss of assets and structures (residential/commercial); (iii) permanent loss of income or livelihood; (iv) collective impacts on groups, such as loss of common property resources; (v) temporary loss of income to business; and (vi) loss of trees. Affected persons (structure owners, occupiers, tenants, etc.) are entitled to receive compensation and resettlement benefits as specified in the entitlement matrix of the Resettlement Framework. A Government Order has also been issued by the GOTN authenticating the entitlements.

The details of the entitlements were enlisted as per the data collected from the socioeconomic survey and the same is being verified at the field.

Graduation Program: The Graduation approach is a holistic, time-bound, and carefully sequenced set of interventions designed to restore the livelihood for the vulnerable households by providing assistance through four core pillars, i.e. social assistance, livelihoods promotion, financial inclusion, and social empowerment.

As part of the subproject activities in Kalanivasal and Reddiarpatti, the Graduation Program planning was initiated by the NGO, World Vision India (through ADB) with support from BRAC UPGI for eligible urban poor households to restore livelihoods and rehabilitate social welfare post resettlement. The activities were continued by the Community Officers in all the subproject areas including Vallam and Pallipalayam.

Consultation and Disclosure: During the reporting period, construction site consultations with the affected persons were held at Vallam, Reddiarpatti and Kalanivasal sub project areas. The affected persons were informed about the entitlements, building design, social infrastructure proposed to be constructed within the scheme area, the construction details, treatment of sewerage, groundwater management etc. Host community meeting was held at Reddiarpatti and a total of 173 persons attended the consultation in the areas which included 78% women. The consultation reports are appended as Appendix 1.

Further consultations will be conducted by the PID during implementation and post-relocation, in line with the consultation and participation plan (CAPP) prepared for the project.

Efforts were made by the project to ensure women's participation in the consultations. Women members are actively involved in the consultation process.

Grievance Redress Mechanism: A common GRM is in place for any grievances related to the program. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the project. The brochures distributed during consultations have the details regarding the GRM levels. 8 grievances / complaints were received in the reporting period. GRC is formed in 4 sub project areas – Kalanivasal, Vallam, Reddiarpatti and Pallipalayam

Reporting: The purpose of the quarterly social safeguard monitoring report (SSMR) is to analyze periodically and document the process and results over the total implementation period. The current report is the 4th Social Safeguard Monitoring Report prepared quarterly covering the reporting period from April to June 2023.

I. BACKGROUND OF THE REPORT AND PROJECT DESCRIPTION

1. **Project Description:** Given the flooding risks and the GOTN's Vision 2023, the government has requested support from ADB for: (i) relocation and rehabilitation of households living in extremely vulnerable and high-risk areas in cities in Tamil Nadu; (ii) development and implementation of a housing model for industrial workforce; (iii) piloting new models of affordable housing; and (iv) Regional planning.

2. The proposed Inclusive, Resilient and Sustainable Housing for Urban Poor Sector Project (IRSHUPSP) in Tamil Nadu will promote access to inclusive, resilient and sustainable housing and urban development by supporting the state in (i) relocating slum households vulnerable to natural hazards to safer locations, (ii) providing affordable, proper housing for households and migrant workers from the economically weaker section (EWS) and lower-income group (LIG), and (iii) strengthening the state's capacity to design and implement integrated development plans for its regions.

3. **Affordable and improved housing for vulnerable communities:** The project will construct housing units in nine separate locations throughout the state and relocate an estimated 6,000 slum households vulnerable to natural hazards to safer locations. Subprojects under this output will be prepared based on location, and the selection criteria will include technical, economic, financial, safeguards, and sustainability criteria as detailed in the PAM.

4. As an initial step, the vulnerable areas were identified in coordination with the Revenue Departments and the implementation divisions were formed as per the sites selected. The details of the subproject sites are given below:

Table 1: Details of the Subproject Sites

S. No	Name of the Schemes	No. of areas to be relocated (sending sites)	Name of the District	No. of housing units proposed
1.	Reddiarpatti	13	Tirunelveli	876
2.	Kalanivasal	9	Sivagangai	900
3.	Vallam	4	Thanjavur	969
4.	Pallipalayam	7	Namakkal	520
	Total	33		3265

Source: TNUHDB

5. Few more sites in Chennai were proposed to the ADB for consideration under IRSHUPSP. The project consultants, from the Social, Environmental and Planning team, the Chief Community Development Officer (PMU), the Executive Engineers, Assistant Executive Engineers, Community Development Officers, Community Officers, Assistant Engineers, from TNUHDB visited few proposed areas in Chennai (Reconstruction sites and Green Field) on 14 March 2023. The details of the new areas in Chennai are as given below:

Table 2: Details of the new subproject sites identified

S. No	Name of the Schemes	Category	No. of units
1	B R N Garden	Reconstruction	567
2	Power Kuppam	Reconstruction	64
3	Madaveedhi	Reconstruction	24
4	Greems Road	In situ	418
5	VOC Nagar, (Stanley Hospital)	Green field	1440
6	TANSI Land (Waltex Road)	Green field	549
7	Water Basin Road	Green field	675
8	KannaparThidal	In situ	594
9	Water Pumping station Road, Chinthadripet	In situ	450
10	LLOYDS Road (MuthiahThottam)	Green field	384
11	Prakasam Street	Green field	477
	Total		5642

6. **Categorization:** This project involves significant involuntary resettlement impacts and is classified as category A for involuntary resettlement. The project does not impact any Indigenous people and is classified as category C for Indigenous People.

II. RESETTLEMENT PLANNING

A. Enumeration

- (i) Identification of vulnerable areas was done initially in coordination with the Revenue Department and the most vulnerable areas were identified.
- (ii) The encroached area was earmarked with the revenue surveyors and the boundary marking was done using Total Station Survey.
- (iii) Once the boundary is marked, the structures are marked and the topo sketch is prepared.
- (iv) After the topo marking, a unique number is given to each identified household (For example: SCB / KK-01, where SCB is the Department acronym, the alphabets denote the acronym for the area name and the numerals indicate the HH number)
- (v) The District Administration is informed about the proposed enumeration and socio-economic survey (Tab survey) well in advance and the necessary police protection is also arranged as precautionary measures.

- (vi) The TNUHDB team then visits the proposed sites and informs about the people about the enumeration process and the purpose along with a short overview about the project.
- (vii) Joint Enumeration by Revenue department, TNUHDB and land-owning department is then done, and the photographs of the surveyed families are also captured.
- (viii) Socio economic survey (Tab survey) is then conducted by TNUHDB for the identified structures.

7. The enumeration carried out by the TNUHDB is completed in the following subproject areas:

Table 3: Households Enumerated by TNUHDB

S. No.	Name of the Schemes	No. of housing units proposed	No. of housing units enumerated by TNUHDB
1.	Reddiarpatti	876	876
2.	Kalanivasal	900	900
3.	Vallam	969	969
4.	Pallipalayam	520	520
	Total	3265	3265

Source: Enumeration - Reddiarpatti December 2019 / June 2020/ Feb 2021; Kalanivasal December 2019 / February 2020; Vallam August 2020; Pallipalayam Feb 2020;

- (i) The socioeconomic survey by the Tab survey team has been completed in the following subproject areas - Kalanivasal, Reddiarpatti, Vallam and Pallipalayam.

Table 4: Surveyed Housing Units

S. No.	Name of the Schemes	No. of housing units proposed	No. of housing units socio economic survey done by ADB team
1.	Reddiarpatti	876	874
2.	Kalanivasal	900	900
3.	Vallam	969	969
4.	Pallipalayam	520	520
	Total	3265	3263

Source: Socioeconomic survey: Reddiarpatti 22.6.2020/ 4.2.2021; Kalanivasal 28.7.2020/ 27.1.2021; Vallam 1.9.2020; Pallipalayam Feb 2021

B. Resettlement Planning Documents

8. The Resettlement Plans were drafted and updated based on detailed measurement survey (DMS) for all sections (sending sites) involving permanent impacts. The resettlement plans are prepared based on the results of the inventory of loss and census and socioeconomic survey of affected families in all settlements identified for relocation, addresses social impacts arising out of relocation of non-titleholders / squatters in the water bodies identified by the District administration and impact to private assets resulting in physical and/or economic displacement to families/individuals, either direct or indirect, and is in compliance with ADB's

Safeguard Policy Statement, 2009 and the Resettlement Framework for the project.

9. The resettlement plans are then updated based on the verification of the data at the field by the CDOs. The updated resettlement plan is then disclosed in the TNUHDB website after clearance from ADB.

IRSHUP/VAL/03	Construction of 969 Nos of housing units adopting Type Design No. 02/2020 (G+5) with associated infrastructure works at Ayyanar Koil Phase II, Vallam, Thanjavur Taluk in Thanjavur District	Contract Awarded on 07/01/2022	<p><u>Work in progress as follows:</u></p> <ul style="list-style-type: none"> • Block A1 – 1st Floor roof slab work in progress • Block A2 – Ground floor roof slab work in progress • Block A3 – Terrace floor slab ready to pour concrete • Block A4 –Parapet column work in progress and 3rd floor brick work in progress • Block A5 – 4th Floor roof slab completed • Block A6 – Parapet column work in progress and 4th floor Brick work in progress • Block A7 – Parapet column work in progress and 4th floor brick work in progress • Block B1 – Parapet column work in progress and 4th floor brick work in progress • Block B2 – Terrace floor slab work in progress • Block B3 – Parapet column work in progress and 4th floor brick work in progress • Block B4 – Parapet column work in progress and 5th floor brick work in progress • Block C – 4th Floor roof slab work in progress • Block D – 4th Floor roof slab work in progress
IRSHUP/PA/04	Construction of 520 nos. of housing units (with associated infrastructure works at Pallipalayam	Contract not yet awarded	

III. PUBLIC PARTICIPATION AND CONSULTATION

10. During the reporting period, construction site consultations were held at Vallam, Reddiarpatti and Kalanivasal sub project areas. The summary of the meetings held is in given Table 7. The consultation reports are appended as **Appendix 1**.

11. The public were informed in advance by issuing meeting notices and also door to door information. Relevant and adequate information were provided in Tamil, it was undertaken in an atmosphere free of intimidation or coercion.

12. The consultations were gender inclusive and everyone including vulnerable persons participated and suggestions on safety aspects, amenities and facilities required were incorporated. All the Affected Persons (APs) are vulnerable and 25% with multiple vulnerabilities participated and raised concerns regarding any special benefits/assistance.

A. Stakeholder Meetings and Awareness Programs

13. **Stakeholder** consultative platform committees have been formed in the following 4 subproject areas and the proceedings for the same were annexed in the first SSMR.

- (i) Kalanivasal – Sivagangai District
- (ii) Reddiarpatti – Tirunelveli District
- (iii) Vallam – Thanjavur District
- (iv) Pallipalayam – Namakkal District

14. Table 7 presents the summary of consultations conducted in the covered period. Details of public consultations are presented in Appendix 1.

Table 7: Stakeholder Consultations Undertaken in the Reporting Period

Date and Time of Meeting	Location/ Venue of the Meeting	Stakeholders who Attended the Consultation Meeting	No. of Participants			Key Discussions
			M	F	Total	
21.06.2023 / 10.30 AM	Ayyanarkovil Phase II, Vallam Construction site & site office (Thanjavur)	Affected persons, TNUHDB officials and contractor	0	27	27	<ul style="list-style-type: none"> • Purpose of the meeting and TNUHDB's role in implementation of the project. • Amenities and other benefits of housing under ADB project. • Advantages of alternate housing. • Entitlements and benefits provided under ADB for the Project Affected Families.
10.05.2023 / 11.00 AM	Kalanivasal Construction site & site office (Karaikudi)	Affected persons, TNUHDB officials and contractor	6	24	30	<ul style="list-style-type: none"> • Environmental friendly activities proposed • Stage of Construction and methods • Project details, floor plan and other infrastructure proposed • Quality of the construction process • Quality assurance policy • Graduation details with monetary benefits details during the graduation phases

Date and Time of Meeting	Location/ Venue of the Meeting	Stakeholders who Attended the Consultation Meeting	No. of Participants			Key Discussions
			M	F	Total	
19.06.2023 5.00 PM	Construction site office at Reddiarpatti . Tirunelveli Division, Area Covered: WestKokkirakulam, Vellakoil, V.M.Chaitram	Affected persons, TNUHDB officials and contractor	17	49	66	
20.06.2023 10.00 AM	Construction site office at Reddiarpatti , Tirunelveli Division Area Covered: Punnaivanga pakulam	Affected persons, TNUHDB Officials, Contractor Host community members	11 5	27 7	38 12	
Total			39 (22.54 %)	134 (77.46 %)	173	

15. During the reporting period, the following are the issues and concerns during the consultations held at Vallam sub project:

Table 8: Concerns Raised During Consultations

SI. No	Date of Consultation	Concerns raised	Project response
1	31.05.2023	Will you support to get Elder Pension and Widow pension?	The team will support in getting the social security benefits
2	31.05.2023	Is Motor and Drainage facilities available in premises?	Yes
3	31.05.2023	How many years it will take to complete the construction of the building?	- Construction will be completed by July 2024

Sl. No	Date of Consultation	Concerns raised	Project response
4	31.05.2023	Do you have vocational training for Men and do you offer any jobs for men?	Yes, trainings are available. Job assistance will be given.
5	31.05.2023	Is there drainage disposal facilities inside the premises?	Proper disposal of waste water and sewerage is planned

IV. GRADUATION PROGRAM

16. The Community Officers have been undertaking the graduation program activities in Kalanivasal, Reddiarpatti, Vallam and Pallipalayam sub project areas. The preferred training or livelihood assistance is identified after discussion with the beneficiaries. Individual house visits and group discussions are done for the introduction of the graduation program activities. Local market assessment is done near the proposed relocation sites. Earlier, the market assessment was done by the NGO, World Vision India at Reddiarpatti and Kalanivasal subproject sites, partially. TNUHDB had continued with the balance families at Reddiarpatti and Kalanivasal. The market assessment for Vallam and Pallipalayam subproject site is being taken up by TNUHDB and the process is ongoing. With reference to the Graduation Road map, TNUHDB is in line with the activities (Skill training requirements and identification of training providers) for the period, i.e. pre-implementation stage and implementation (construction) stage. The next step, i.e. imparting the trainings / provision of assistance for asset creation would be taken up once the affected persons are relocated.

17. In this reporting quarter 424 affected persons/ project beneficiaries have been visited and their training requirements or areas of interest were discussed with them and were recorded. The community officers'/ animator visit the enumerated households periodically and verify whether the enumerated person is still residing at the area. This verification is done by TNUHDB for revalidation purposes.

S. No.	Sub project area	Number of affected persons visited/met	No. of Women
1	Vallam	282	250
2	Kalanivasal	132	115
3	Pallipalayam	30	25
4	Reddiarpatti	80	65
	Total	524	455

18. The trainings and assets requested are enlisted below:

Table 9: List of Trainings and Assets

S. No.	Training
1	Tailoring & Embroidery / Aari work
2	Computer

3	Masala products
4	Cooking of Ready to eat food products using millets
5	Beautician
6	Candle / Incense stick making
7	Kitchen gardening
8	Driving
9	Mechanic training(AC/car/2-wheeler/Auto)
10	Welding
11	Snacks preparation using Millets

S. No.	Assets / livelihood assistance
1	Fancy store
2	Flower / Fruits / Vegetable business
3	Cloth business
4	Sewing machine / Tailoring shop
5	Rice Flour / Masala grinding machine
6	Hotel business / Tea shop
7	Two wheeler mechanic shop
8	Beauty parlour
9	Packaging business (packers movers)
10	Coconut business
11	Food products using millets
12	Weaving – base products / materials
13	Auto
14	Steel products business
15	Petty Shop
16	Laundry Shop

21. Households have requested for tailoring machine, masala grinding machines, assistance for tea shop, hotel business, two-wheeler mechanic shops, petty shop, LaundryShop and other assistance to improve their livelihood (Details in above table). Earlier, the assessment was done by the NGO, World Vision India at Reddiarpatti and Kalanivasal subproject sites, partially. TNUHDB had continued with the balance families at Reddiarpatti and Kalanivasal. The assessment for Vallam and Pallipalayam subproject site is being taken up by TNUHDB and the process is ongoing.

V. GRIEVANCE REDRESSAL MECHANISM

19. A common grievance redressal mechanism (GRM) is in place for any grievances related to the project. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolvesocial and environmental concerns linked to the project. The brochures distributed

during consultations have the details regarding the GRM levels.

20. TNUHDB also has various methods for grievance redress for slum dwellers or the general public affected by TNUHDB activities (scheme / division level complaints register, website complaints and mobile Application) and the same can also be used and will be integrated with the project GRM. Any IRSHUPSP specific grievance which comes in through TNUHDBs existing systems will be routed back to the project specific GRM to level 1.

21. Till date no grievances have been received as the Resettlement Plan implementation has not yet commenced and displacement has not taken place. Communications have been sent to the implementing divisions for setting up the Grievance Redressal Committees. The GRCs have been formed for Kalanivasal, Reddiarpatti, Vallam and Pallipalayam subproject areas. The proceedings regarding the same were annexed in the earlier SSMR.

22. Toll free number has been obtained. The online GRM, Toll free number and the in-person grievances are to be integrated. The process of establishment of the completely integrated grievance unit with necessary staff and infrastructure has been initiated. The website design was presented by the consultant and few changes have been suggested by the TNUHDB and the testing is under progress. The online GRM is expected to be operational in the next quarter. However, TNUHDB's routine grievance redressal mechanism is ongoing. Complaints, if any are addressed to the Executive Engineer at the division level and Managing Director at the Headquarters level. If complaints are received, it is forwarded to the concerned sections and action is taken to rectify the same.

23. During the reporting period at Kalanivasal subproject, Karaikudi an accident had been reported at the construction site during the centering materials shifting activity on 05.05.2023. The victim expired on 14.05.2023. The person was admitted in Preethi Hospital, Madurai for treatment. A copy of FIR, accident investigation and incident reports are appended in the annexure.

24. TNUHDB has been following with the Government labour department for the compensation amount (Rs.5 lakhs approx). The contractor had taken group insurance for all the employees working in the construction site. Insurance claim is under process. Once the amount is released, it will be provided to the deceased worker's family.

VI. INSTITUTIONAL ARRANGEMENTS

25. **TNUHDB Divisions:** For the implementation of the IRSHUPSP, two Project Implementation Divisions were formed in Madurai and Salem. Due to administrative reasons, the TNUHDB divisions' jurisdictions was reorganized in December 2021 and the subproject areas were distributed among TNUHDB divisions as given below:

Table 10: ADB implementing TNUHDB Divisions (Reorganized in December 2021)

S. No.	Division
1	Trichy Division
2.	Namakkal (PID-2) Division
3.	Tirunelveli Division
4.	Sivagangai (PID-1) Division

26. Table 11 below provides the safeguards and gender implementation arrangement and the corresponding designated staff for each site.

27. The community development personnel in the nearby division will be given additional charge till the post is filled. TNUHDB proposes to recruit animators at the circle level by the concerned Superintending Engineer. The CDOs, COs and Animators of the Project

Implementing Divisions will be involved in the Graduation Program. The vacancies are proposed to be filled up by the next quarter.

28. Workshops **conducted**: No workshops or trainings were conducted in the reporting period.

VII. COMPLIANCE STATUS OF LOAN COVENANTS

29. The Loan covenants are being complied by TNUHDB and the following statements are confirmed for compliance:

- (i) No affected persons have been displaced yet from the surveyed locations by GOTN
- (ii) Construction works were initiated after the ADB clearance for the Resettlement Plan was received.

Table 12: Status of Compliance to Loan Covenant

S. No.	Description	Status of compliance
1	<p><u>Land Acquisition and Involuntary Resettlement</u></p> <p>Without limiting the application of the Involuntary Resettlement Safeguards, the RF, and the respective RPs, the Borrower shall ensure, or cause the relevant EA to ensure, that no physical or economic displacement takes place in connection with the Subprojects under Component 1 until:</p>	
2	<p>a. Compensation and other entitlements have been provided to affected people in accordance with the RP; and</p>	<p>Not yet applicable. As of now, since the relocation housing and infrastructure under various subprojects (2 nos.) are under construction, displacement has not yet started. Will be complied.</p>
3	<p>b. A comprehensive income and livelihood restoration program has been established in accordance with the RP.</p>	<p>The livelihood restoration program has been designed/is being designed as part of each resettlement plan prepared/under preparation. Will be established and complied.</p>

S. No.	Description	Status of compliance
4	<u>Safeguards Monitoring and Reporting</u> Submission of quarterly Safeguards Monitoring Reports in respect of environmental matters until the completion of construction and annually thereafter, and quarterly Safeguards Monitoring Reports in respect of involuntary resettlement matters, in each case to ADB and disclose relevant information from such reports to affected persons promptly upon submission	Being complied and will be ensured.
5	if any unanticipated or social risks and impacts arise during construction, implementation or operation of the Project that were not considered in the RP, promptly inform ADB of the occurrence of such risks or impacts, with detailed description of the event and proposed corrective action plan;	Will be ensured
6	Report any breach of compliance with the measures and requirements set forth in the RP promptly after becoming aware of the breach.	Will be informed/reported to ADB in case of any non-compliances identified through internal or external monitoring.

VIII. CONCLUSION AND FOLLOW-UP ACTIONS

30. The monitoring of social safeguard activities and implementation will be continued during all the stages of the project. The TNUHDB will continue all the safeguard measures for the successful implementation and completion of the project activities. Meticulous planning and execution will be done in all activities to mitigate any grievances.

- 30.1. The vacant positions of community officers are proposed to be filled up by transfers. Animators are proposed to be recruited at Circle level by the concerned Superintending Engineer.
- 30.2. Consultations and construction site visits will be continued regularly by the TNUHDB. Host community meetings are planned to be conducted in the next quarter
- 30.3. The training preference and asset requirement requests have been enlisted. Local training providers will be identified and oriented on the ADB project. The actual implementation of the training program will be done once the relocation is done.

31. **Monitoring of Safeguard Compliance:** The regular follow-up and monitoring of safeguard compliance will be continued. The PMU and PID social safeguards team are involved in monitoring and provide required assistance for the compliance of safeguard issues.

IX. MONITORING INDICATORS

Ref.	Resettlement and Rehabilitation Activities	Progress	Remarks
Preconstruction activities and R&R activities			
1	Assessment of resettlement impacts due to changes in project design (if required)	Not applicable as of now	
2	Preparation/updating of resettlement plan based on changes in project design	There might be changes in Pallipalayam RP due to	Once the site detailed

Ref.	Resettlement and Rehabilitation Activities	Progress	Remarks
		few changes/ alignments in social infrastructural facilities	design is finalised, the RP will be updated and shared with ADB
3	Approval of updated resettlement plan from ADB	Not applicable as of now	
4	Disclosure of updated resettlement plan	Prepared RPs have been disclosed	
5	Establishment of Grievance Redress Mechanism	No grievances reported till now	GRC formed for 4 Sub project areas
6	Capacity building of PID	Not yet done	
7	Verification of displaced persons census list; finalization of compensation and assistance	524 numbers from 4 sub project sites	
Resettlement plan implementation			
1	Disbursement of assistance to affected persons	Activity not yet started

Inclusive, Resilient, and Sustainable, Housing for the Urban Poor Sector Project in Tamil Nadu (IRSHUPSP)

Ayyanarkovil Phase II, Vallam Consultations, 27th April 2023

Venue: Construction Site Office at Ayyanarkovil Phase II Vallam, Thanjavur District. The site consultation was headed by Mr. D. Elamparithi, D.C.E., Executive Engineer, TNUHDB, Trichy Division and supported by the following officials.

1. Mr. Simpson Cornelius, ADB Project Advisor, Chennai
2. Mr. R. Karthick Assistant Engineer, TNUHDB, Trichy Division
3. Mr. R. Rajasekar, Construction management Specialist, TNUHDB, Trichy Division.
4. Mr. B. Gopi, Environmental Specialist, TNUHDB, Trichy Division
5. Mrs. S. Vinotha, Community Development Officer, TNUHDB, Trichy Division.
6. Mr. R. PeriyaSamy, Assistant General Manager, Contractor,
7. Mr. A. Beema Rao Project Manager (Contractor).

Date	Topic	Phase	No. of Participants (Male)	No. of Participants (Female)	No. of Participants Total
27.04.2023 10.30 AM	Site Consultation	Construction Phase	04	20	24

Time and date: 10.30 a.m., 27th April 2023

Venue: Construction Site Office at Ayyanarkovil Phase II Vallam, Thanjavur District

No of Participants: Male 04, Female 20, and a total 24

ADB Team:

1. Mr. Simpson Cornelius, ADB Consultant, Chennai

Officials Participated:

1. Mr. D. Elamparithi, Executive Engineer, TNUHDB, Trichy Division
2. Mr. R. Karthick Assistant Engineer, TNUHDB, Trichy Division
3. Mr. R. Rajasekar, Construction management Specialist, TNUHDB, Trichy Division.
4. Mr. B. Gopi, Environmental Specialist, TNUHDB, Trichy Division
5. Mrs. S. Vinotha, Community Development Officer, TNUHDB, Trichy Division.

Construction Team:

1. Mr. R. PeriyaSamy, Assistant General Manager, Contractor,
2. Mr.A.Beema Rao, Project Manager (Contractor).

Mrs. S. Vinotha, Community Development Officer welcomed the gathering and explained the purpose of the consultation. Brochures of the Ayyanarkovil Phase II Sub Project were distributed to the beneficiaries gathered for the consultation.

Mr. D. Elamparithi, Executive Engineer, TNUHDB, Trichy Division explained the various features of the project, floor plan, and highlighting the features such as:

- Residential Units
- Internal Roads
- Vehicular Parking
- Lifts
- Generator
- Firefighting arrangements
- Lighting arrester
- RationShop
- Convenient Shop
- Milk Booth
- Library
- Security Office
- Motor Room
- Anganwadicenter
- CommunityHall
- Healthsub-center
- OpenSpace Reserve
- SewageTreatment Plant
- ElectricPowersupply
- Water Supply
- Solid Waste Management
- RainwaterHarvesting
- SolarPoweredStreetLights

EE clearly indicated the added features of the resettlement site and the benefits that will be experienced by the beneficiaries over the existing lifestyle.

Mr. Simpson Cornelius, ADB Consultant, Chennai explained about the project.

Mr. R.Karthick, Assistant Engineer TNUHDB, Trichy Division explained about Project design, value and project layout of the Ayyanarkovil Phase II Sub ProjectVallam, Thanjavur District.

Mrs.S.Vinotha Community Development Officer, TNUHDB, Trichy Division.

4. Mr. Samuel Reegan and Mrs. Vinnarasi, Animators, TNUHDB, Tirunelveli Division.
5. Mr. Mugunthan, Community Participate Assistant, TNUHDB, Tirunelveli Division.
6. Mr. Arun, Project Manager, Abirami Engineer and Construction (Contractor).

Date	Topic	Phase	No. of Participants (Male)	No. of Participants (Female)	No. of Participants Total
19.06.2023 5.00 PM	Public Consultation	Construction Phase	17	49	66

Time and date: 5.00 p.m., 19th April 2023

Venue: Construction Site Office at Reddiarpatti, Tirunelveli Division

Area covered: West Kokkirakulam, Vellakoil, V.M Chathiram

No. of participants: Male 17, Female 49, and a total 66

Officials Participated:

1. Mr. Simpson, Community Specialist Consultant, ADB.
2. Er. C. Shanthi, Executive Engineer, TNUHDB, Tirunelveli Division.
3. Mr. P. Johnny Samraj, Assistant Executive Engineer, TNUHDB, Tirunelveli Division.
4. Mr. A. James Daniel, Assistant Engineer, TNUHDB, Tirunelveli Division.
5. Mr. A. Bosgo, SDS (Gender), TNUHDB, Chennai
6. Mrs. A. Agnes Jerome Rathna, Community Development Officer TNUHDB, Tirunelveli

Division.

7. Selvi. M.Ranjitha, Community Officer, TNUHDB, Tirunelveli Division.
8. Mr. A. Samuel Reegan and Mrs.M. Vinnarasi, Animators, TNUHDB, Tirunelveli Division.

Construction Team:

1. Mr. Arun, Project Manager, Abirami Engineer and Construction (Contractor).

Before the start of the program the beneficiaries were given helmets to wear to ensure their personal safety. After which they happily planted the Trees in Site area.

Selvi. M. Ranjitha, Community Officer welcomed all the beneficiaries.

Er. C. Shanthy, Executive Engineer explained the purpose of the consultation and the importance of beneficiary contribution

Mr. Simpson, Community Specialist Consultant, ADB explained below points.

- Advantages of ADB Reddiarpatti project.
- The project will give compensation for each family.
- In this ADB scheme people can see the construction work going on and the quality of building materials used for construction.
- Beneficiaries who attended the consultation meeting were asked to share their experiences with non-attendees and unwilling beneficiaries.

Mr. P. Johnny Samraj, Assistant Executive Engineer welcomed the gatherings and explained the various features of the project, floor plan, 19 Blocks and added infrastructure of the subproject highlighting the features such as:

- Bus Bay
- Main Entrance
- Visitor center
- Internal Roads
- Surface parking
- Demonstration Farm
- Ration Shop
- Convenient Shop
- Open Market
- Discovery zone
- Fruit Orchard
- Community Farming
- Anganwadi center
- Community Hall
- Health sub-center
- Hill top walk
- Hill walking path
- Sewage Treatment Plant
- Water Supply
- Rainwater Harvesting

AEE clearly indicated the added features of the resettlement site and the benefits that will be experienced by the beneficiaries over the existing lifestyle.

Mr.A.Bosgo SDS(Gender), TNUHDB, Chennai, explained the following:

1. The main objective of the ADB-funded Subproject is to resettle the people in the flood-prone area with proper compensation and livelihood management.
2. The various stages of the resettlement activity and construction of 876 tenements at Reddiarpatti
3. Financial support of Rs.10000/- to each beneficiary family at the time of relocation to cover transportation costs.
4. Skill training to the vulnerable group, job opportunity through NGO support
5. Financial support of Rs 2500/- per month for each family to stabilize their livelihood for the period of twelve months from the date of relocation.
6. Financial support of Rs.5000/- one time for vulnerable families.

Mrs. A.Agnes Jerome Rathna Community Development Officer, TNUHDB, Tirunelveli Division explained the various features of social infrastructure of ADB project, importance of beneficiary contribution

Mr. A. James Daniel (Assistant Engineer) and Mr. Arun, Project Manager addressed the beneficiaries about the quality of the materials and strength of the construction

1. Explained the quality control check and verification process for each and every material used for construction.
2. IS standard of construction activity has been checked and approved for each and every stage.
3. Explained the project features and requested the participants to explain the other beneficiaries about the project benefits and make them to participate in the forthcoming consultation meeting.

List of Concerns:

The Beneficiaries especially Auto drivers, Petty shop owners have raised the following concerns during Site consultation meeting

1. Beneficiaries expressed apprehension and lack of willingness ~~neglecting~~ to pay the contribution amount of Rs.1,00,000/- due to their financial situation and expressed that they are expecting government to pay the same as grant.
2. The beneficiaries expressed a preference for houses to be allotted together in a particular block, for all those who are relocated from one cluster
3. What would be the alternate income generating programmes created for Auto Drivers once relocation is undertaken?
4. Most of the beneficiaries convert a portion of their house into a small petty shop (without rent) and earn money for their survival. The same beneficiaries asked the question: Will there be any provision to establish same/similar shop at the new location?

Mrs. Vinnarasiproposed vote of thanks to the Board Officials, ADB consultant, contractor and the

public gathered for making the consultation meeting very reasonable and successful.

Outcome after the site consultation meeting:

Most of the beneficiaries were in doubt whether they would be allotted houses elsewhere after the relocation process. After seeing the construction site, the beneficiaries gained confidence and hope in getting house allotment.

- Ration Shop
- Convenient Shop
- Open Market
- Discovery zone
- Fruit Orchard
- Community Farming
- Anganwadicenter
- Community Hall
- Health sub-center
- Hill top walk
- Hill walking path
- SewageTreatmentPlant
- WaterSupply
- RainwaterHarvesting

AEE clearly indicated the added features of the resettlement site and the benefits that will be experienced by the beneficiaries over the existing lifestyle.

Mr.A.Bosgo SDS(Gender), TNUHDB, Chennai.Explained the following

1. The main objective of the ADB-funded Subproject is to resettle the people in the flood-prone area with proper compensation and livelihood management.
2. The various stages of the resettlement activity and Construction of 876 tenements at Reddiarpatti
3. Financial support of Rs.10000/- to each beneficiary family at the time of relocation for transportation facility.
4. Skill training to the vulnerable group, job security through NGO support
5. Financial support of Rs 2500/- per month for each family to stabilize their livelihood for the period of twelve months from the date of relocation.
6. Financial support of Rs.5000/- one time for Vulnerable Families.

Mrs. A.Agnes Jerome Rathna Community Development Officer, TNUHDB, Tirunelveli Division explained the following features of social infrastructure of ADB project, importance of beneficiary contribution and formation of Grievance Redressal Committee to the beneficiaries.

Mr. A James Daniel (Assistant Engineer) and Mr. Arun, Project Manager addressed the beneficiaries about the quality of the materials and strength of the construction

1. Explained the quality control check and verification process for each and every material used for construction.
2. IS standard of construction activity has been checked and approved for each and every stage.
3. Explained the project features are encouraged the participants to explain to the other beneficiaries about the project benefits and make them to participate in the forthcoming consultation meeting.

List of Issues and Concerns raised

The Beneficiaries especially Farmers, Cattle rearers have raised the following concerns during Site consultation meeting

1. Beneficiaries are unwilling to pay the contribution amount of Rs.1,00,000/- due to their financial issues and they are expecting government to pay the same as grant.
2. Sizeable populations from the beneficiaries are doing agriculture in leased land. Now they are also asking for what would be an alternate business for their survival?
3. Half of the populations from the beneficiaries are doing cattle rearing. And now these cattle rearers raising their concerns to allot space for accommodating their cattle.

Impact Outcome after the site consultation meeting:

Most of the beneficiaries were in doubtful that whether they would be allotted houses elsewhere after the relocating process. But now the beneficiaries after seeing the construction site gained confident and hope in getting house allotment.

Mr. Mugunthan delivered vote of thanks to the Board Officials, contractor and the public gathered for making the consultation meeting successful.

Tamil Nadu Urban Habitat Development Board Tirunelveli Division

Host Community meeting

The Tamil Nadu Urban Habitat Development Board has been implementing the Inclusive, Resilient and Sustainable Housing for Urban Poor Project (IRSHUPSP) with the financial assistance from Asian Development Bank. This project envisages the resettlement and rehabilitation of vulnerable families living along the water bodies in various Districts of Tamil Nadu.

The scheme is particularly intended for the beneficiaries who are residing in encroachments in water bodies and river bunds. Under this project TNUHDB has proposed to construct 876 multistorey housing units with the financial assistance from Asian Development Bank at Reddiarpatti in Tirunelveli.

Tamil Nadu Urban Habitat Development Board has organised a Host Community meeting **on 20th June 2023 at Reddiarpatti Scheme, Tirunelveli.**

In this Host Community Meeting, there were 12 beneficiaries/members from Nehru Nagar and Reddiarpatti Phase I, who participated. These participants shared their experiences about living in TNUHDB tenement area.

Mrs. Agnes Jerome Rathna CDO clarified the following to the participants:

- ❖ Need and the significance of the project
- ❖ Resettling the people on a safe location
- ❖ Reviving the water body for wider environmental reasons
- ❖ Houses, design and composition and the free of cost
- ❖ Facilities to be provided within the compound where people are going to be resettled.

Mr. Simpson (Community Specialist Consultant ADB) explained about the Reddiarpatti ADB project and its amenities. He further explained about the entitlement matrix for proposed project and livelihood activities. He finally appealed to the Host Community to extend their positive support and cooperation for pre and post implementation.

Outcome from Host Community meeting :

All the members who participated have assured to render their possible support and to join with TNUHDB for this scheme.

The list of participants:

3. Financial support to each beneficiary family at the time of relocation for cost transportation.
4. Skill training to the vulnerable group, job security through NGO
5. Financial support for each family to stabilize their livelihood for the period of twelve months from the date of relocation.
6. Revalidation of the topo survey by the Community officer and animator to support the livelihood development program.

Mr. Simpson Project Consultant ADB gave awareness to the people about the relocation plan

1. Relocation will be initiated only after the completion of construction activity and the allocation of houses to the individual beneficiary.
2. Explained that the people should clarify their doubts directly from the site office and not to believe any false propaganda by anonymous people.

3. Explained the advantages and future of the gated community.
4. Explained the quality of the construction process and various quality monitoring processes done by the ADB.
5. Requested the people to visit the construction activity frequently as it's their own houses, and also explained about obtaining prior permission from the field Engineers and construction officials for visiting the site to ensure the safety of the visitors.
6. Informed about the forth coming Law college, and collector office in the vicinity of the tenements along with social and commercial development of the area.

Sl.No	Issues and Concerns raised	Response
1	Transportation Facility	Bus bay will be arranged in future to facilitate public transportation to town area of Karaikudi
2	Beneficiary confirmation	Beneficiary are determined by the geo tag survey and allotted geotag number The residents of the house during the geo tag survey are identified as the beneficiary
3	Electricity connection in the name of beneficiary	Initial connection will be in the name of Executive engineer after receiving the allocation order the individual beneficiary will be given No Objection Certificate to change the name of the connection and the connection have to be changed into the name of the respective beneficiary.
4	Electricity bill payment for the water pump and other common amenities	Electric bills for the pump house will be paid by the TNUHDB PID I Sivaganga.
5	Allocation of Convenience shops	The convenience Shop will be allocated only to the beneficiary of the tenements by auction.
6	Livelihood management	The beneficiary of the subproject is screened for the graduation program and suitable training through TNSDC and NULLM. Shelter for livestock also provided separately to manage beneficiary preowned Livestock.

The consultation ended with a people visit to the construction site along the TNUHDB office and construction company staffs.

From
 Er. V. Ramakrishnan, B.E.,
 Executive Engineer,
 Tamil Nadu Urban Habitat Development Board,
 PID – I Sivaganga,
 No.124, Weekly Market Road, (Second Floor)
 Sivaganga – 630 561

To
 The Chief Engineer,(North)
 TNUHDB,
 No.5, Kamarajar Salai,
 Chennai – 600 005

Lr.No.905/ADB/JE(P)/2018

Date:17.05.2023

Respected Sir,

Sub: TNUHDB – PID - I Sivaganga – Sivagangai District – IRSHUPSP -
 Construction of 900 Tenements (G+3) at Kalanivasal in Karaikudi
 Taluk – Accident Investigation report – at construction site –
 Kalanivasal Subproject - Reg.

Ref: 1. Accident Investigation report submitted by the Project manager
 Kalanivasal Site AEC
 2. FIR No.54 Kundrakudi police station, Sivaganga district
 dated 07.05.2023.
 3. Assistant Executive Engineer, PID – I Sivaganga Report
 dated 17.05.2023

With the reference 1 cited above, AEE, TNUHDB PID I Sivaganga , further
 validated the accident investigation report submitted by the contractor, and noted that
 the details of the following in the report

1. Full name of the legal entity
2. The registered office addresses
3. Role of the duty holder
4. Address/location of the incident
5. Date on which the incident occurred
6. Date on which the investigation commenced
7. Name and address of the deceased person
8. brief summary of the subject of the report

From the brief summary of the report submitted it is interpreted that the
 accident took place at A7 block of the Kalanivasal Subproject, Karaikudi on
 05.05.2023, during the Centring material shifting activity on the A-7 block.

The victim was involved in the shifting of centring material in the A-7 Block first floor (standing over the first floor roof slab for preparation of second floor roof slab beam bottom level) in the process of shifting material he has removed the Safety nets provided earlier for his convenience in the work, unfortunately on shifting the centring material at the edge of the block has lost his control over the edge and fallout of the block resulted in injury and unconsciousness.

The victim was rushed to the nearby Karaikudi Government hospital, immediately after initial treatment it is inferred that the victim has injury over his back neck and left thigh bone and as per the doctor advice the patient was taken to Madurai for further treatment, hence the contractor has shifted the victim to Preeti Hospital Madurai.

Further the details of the treatment given to the victim was elaborated in the Reference 1 despite of all the advanced treatment given to the victim, he was deceased on 14.05.2023 around 9.45 PM as per the hospital record.

It is interpreted that inadequate supervision of the duty holder at A7 block at the day was the root cause of the accident, inadequate training to the labour was the underlying cause and the labour negligence to use PPE kit for height work was the immediate cause for the accident.

Action taken to prevent future fatality

1. Safety net in all block
2. Edge protection
3. Safety helmets
4. Full body Harness
5. Awareness training on safety precaution

The further details of the Treatment cost, insurance claim and deceased person compensation details will be submitted in further report.
